Covered Calls Made Easy: Generate Monthly Cash Flow by ...

Covered calls are straightforward to implement, and the risk is both, defined and minimized. Besides being an excellent first step into options, covered calls offer a way to generate income on your long stock positions. Covered calls can be combined with dividend-paying stocks to increase the amount of income from the position.

How To Make Money With Covered Calls - The Option Prophet

If you're seeking to boost income from your portfolio with a relatively low-risk strategy, then covered call writing is worth considering. You won't lose money if you write covered calls in a disciplined way. However, this approach does come with one risk: You may be forced to sell your asset — at a profit. When you write a covered call, you receive income in the form of the premium (paid by the option buyer).
