PDP TV Training Manual

The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909.This early "television" technology was capable of transmitting an 8x8 pixel image, with the first ...

Television Repair - iFixit: The Free Repair Manual

This is the basic guide that can be applied to most LCD flat panel TV. First, try unplugging it from the outlet for about an hour to see if the TV will reset itself since the minute the TV is plugged into the wall, the power supply and processor will be running 24/7 and the EPROM can get corrupted by spikes and surges.
