A recent McKinsey report, Private equity Asia-Pacific: Is the boom back?, shows that in 2011, Asia was the world's only major region where these firms' total investment values returned to 2006 levels—a total of some \$65 billion (exhibit). At 21 percent of global deal values, Asia's share of the private-equity business is now close to matching Asia's share of global GDP: 28 percent.

Private equity's new Asian strength | McKinsey

McKinsey principal Bruno Roy recently sat down in Beijing to consider the outlook with four leading private-equity investors: Jin-Goon Kim, a partner at TPG; Suyi Kim, managing director of Asian private equity at the Canada Pension Plan Investment Board; David Qiu, a managing director at Hony Capital; and Jonathan Zhu, a managing director at Bain Capital Asia. (For more on these private-equity players, see sidebar, "Four leading private-equity investors.")

Asia-Pacific | McKinsey & Company

After roaring ahead in 2017 and 2018, Asia-Pacific private equity (PE) investment declined year-on-year as the region's largest market, Greater China, slumped. There, the boom that produced record deal value for two years running ended abruptly: Deal activity and exits plunged, pulling down the region's performance.
