Miele's machines are clearly focused on design: definitely lots of stainless steel and little plastic. The (current) king of the pack is the Miele CM 5500, which looks ultra-slick and very Millennial-friendly. However, even older machines like the Miele CM 6350 or the CM 7500 prove that good looks don't mean compromised performance.

It's a no-frills, tack-driving game-dropping machine built with everything you love about the Model 700, including a hammer-forged barrel, externally adjustable X-Mark Pro trigger, SuperCell recoil pad and, of course, hair-splitting precision, straight out of the box.

Remington Model 700 SPS Tactical Rifle | Sportsman's Warehouse

Abstract: Two point sets $\{p_i\}$ and $\{p'_i\}$; $i = 1, 2, \dots, N$ are related by $p'_i = R p_i + T + N_i$, where R is a rotation matrix, T a translation vector, and N_i a noise vector. Given $\{p_i\}$ and $\{p'_i\}$, we present an algorithm for finding the least-squares solution of R and T , which is based on the singular value decomposition (SVD) of a 3×3 matrix.
