Physical Science and Nature of Science Assessment Probes

Purpose The purpose of this assessment probe is to elicit students’ ideas of what matter is. The probe is designed to determine whether students recog- nize forms of matter and can distinguish be- tween things that are considered to be matter and things that are not (such as energy, forces, and emotions).

Is It Matter?

Physical Science Assessment Probes Freezing Mia and Devon are having a summer par- ty. They need to make two sizes of ice. The large blocks of ice will be put in a cooler to keep the cans of soda cold. The small ice cubes will keep the sodas in the glasses cold. They wondered how the temperature at which ice freezes is affected by size.
