Kindle prime price of 99 Cents is too high. It is a misnomer to call this a Medical Thriller. It is Medical Fantasy and totally incredible zombie fiction at worst. The plot line takes forever to develop and much is totally unbelievable. The author fails to develop much sympathy for new characters and sustain interest in old ones.

This is a well researched and detailed medical thriller, that feels almost too real for comfort. Enjoyable, especially if you like feeling frustrated at the hubris of scientists, at plodding and gullible authorities, and at religious extremists. I know I do. The Seneca Scourge is a debut indie thriller by real-life physician Carrie Rubin. I became aware of Rubins work first through her blog The Write Transition at CarrieRubin.com where she consistently posts brilliant, funny, and sometimes scatological tidbits about life, the universe, and everything. I knew I had to read her book.
