Standard Work for the Shopfloor : Productivity Press ...

Leader standard work exists to enable leaders to better support other people in the organization who are closer to the customer in creating value. It's about servant leadership. With leadership standard work, I think it's important for any organization to start simple and then evolve.

Leader Standard Work: Where to Start

1. In-process control performed by operators, as part of the process's "standard work"; 2. Deep understanding and full ownership of operators for the quality of their outputs; 3. Transparent and visualised performance management board, with SMART KPI's, aligned with the firm's vision and strategy. Best regards, Benny . Reply »

7 Elements of Quality on the Shop Floor - lean.org

Using standard work items not only helps you reduce variations in quality, but also brings down your training time of employees and helps you coordinate the information flow in your shopfloor operations management. Data can be saved in the system's internal database, sent by email or included into PDF or PPT documents.

Standard-operating-procedures-with-digital-checklists

The first one is a production capacity sheet to define what capacity you have available. The second one is a standard work combination table to define when the operator is doing what. The third one is a standard work layout sheet to help with the layout and arrangement of the machines.
