Blue star 2E Tecumseh  
16 HP engine Charging  
Problems. 06-19-2019,  
08:36 AM. Good  
morning, as stated in  
the title I've got a  
battery charging  
problem on my 2E.  
Was wondering if  
anyone has a complete  
wiring diagram of the  
charging circuit, with  
the stator and all other  
components involved?  
Also would be helpful  
to have the ignition  
circuit.

## **Identification - Small Engine Suppliers**

A condenser is part of the ignition system used on most small engines. The condenser is physically the same as a high voltage capacitor used in other types of electrical circuits. The small engine condenser stores a high voltage charge. A set of contacts are used to release that charge to the spark
