THE EMERGENT CHRIST. Disaffected and frustrated Catholics may find new inspiration for faith in Ilia Delio's new book, The Emergent Christ, in which she places the Christ in the context of the New Book of Creation which some refer to as the New Story, quantum physics and the Big Bang. This book follows on her earlier publication, Christ in Evolution, in which she seems to concentrate more on interpreting Christ and evolution through scripture and the writings of mystics and theologians.
